Westbourne House School

2 March · 🌐

Acts of kindness and thinking of others are central to our community ethos at Westbourne House.

Here Margie in Year 4 decided to surprise her neighbours with a Spring gift of daffodils with an uplifting message attached.

The message on the posy read: "Brighter days are coming - please take me."

Margie has darted around her village during lockdown lunch break and secretly deposited the flowers outside houses, on benches and by the letter box to spread a little happiness to others.

Margie's mum said: "We are going to do it again on Thursday. Someone even posted on our local Facebook page how she had found some flowers and it had made her day, and thank you to whoever had left them there. Margie was so happy!"

What a lovely thing to do!
