Hi Barbara

Some lovely feedback from Alena from the induction day – fantastic feedback on you and your HPL presentation, thank you!

Many thanks

Robyn

Hi Robyn,

I hope you are well.

I just wanted to let you know that I really enjoyed the Induction. It was very a great way to get to know the school better and to meet some of the key members of the staff.

I was so pleased to hear Roger's presentation on Safeguarding. I have had some Safeguarding training from my previous employer but it is good to be reminded. Also, there are always new methods and new findings and it is great to learn about them. It makes sense to make all school staff aware of Safeguarding, even the non-teaching members of staff.

I also really enjoyed Barbara's presentation. She is very passionate about learning and it was a pleasure listening to her. It is so refreshing to see that new methods of learning are adopted by some schools. Hearing about this new approach being used at Westbourne House School made me regret even more that my Daughter was not educated here. It also got me thinking that perhaps I should myself get back to some more intense learning which I really enjoy.

I have interest in Personal Development and Mindset and our business was centred around this subject. Our Daughter has been educated in two different countries, both in private and state schools and home education was also part of her learning.

It makes me so happy to see these new learning methods being used at Westbourne House School and seeing the teachers so passionate about what they do.

I am so happy to be a part of it!

Best wishes,
