Dear all

Welcome to the HPL committee. If everyone feels comfortable it would be brilliant if we can meet in the **meeting room at 1730 on Tuesday evening**. There will be 8 of us in the room as Tim James can not make the meeting, so I think with windows open it should be fine.

Enclosed are two documents with the start of our evidence for HPL.

The first is the **Self-evaluation form**.

These are the standards that we are being accredited against. This is a summary of our evidence and where we think we are.

The second is the **HPL commentary**

This is a more detailed description of our journey and evidence. The parts in **red** are links to pieces of evidence (the links don't work at the moment)

You will also see sections that are *highlighted in yellow* and these are areas where I need more evidence or information from staff.

Please could you read through these documents before Tuesday and think about what **other evidence we have** or **other evidence we need** and **whether you think we have answered the question** - things may need to be moved around.

I know that at the moment I have missed out all sorts of things that should be there.

Please send me any evidence you think you have and then during the meeting we will discuss each section and add additional content.

Our next meeting (in June) will be planning what we want to showcase when they visit the school. We also need to discuss how we follow though on the impetus for next year..... Including but not exclusively: New staff, new pupils, tracking of progress in VAAs and APCs.

Many thanks
Barbara
