What does it mean to be Agile?

Volcanoes are so interesting! I'm going to look them up on YouTube at home...

Being curious & taking charge of your own learning

Are there any other answers?

Can you think of another way of doing this?

Finding lots of solutions to a problem

I'm going to give this a try...

Being open-minded & willing to take risks (even though you might not get something right)

Have you
practised any
Agile
skills in class
recently?

Year 3

Year 4

What will YOU do to
be more
🌟 Agile 🌟
this week?
